TECHNICAL DATA SHEET

TDS-ENZ306-EN · REV. 02 · 2026-11-03

Feed Compound Enzyme for Rabbits

Multi-enzyme powder blend with cellulase and xylanase for fiber digestion in rabbit feed.

SKU **ENZ306** CATEGORY **ENZYMES FOR ANIMAL FEED** FORM **POWDERED ENZYME BLEND**

CATEGORY **ENZYMES FOR ANIMAL FEED**

Not restricted for transport

DOSAGE	FORM	SHELF LIFE	PACK SIZE
500 g per ton	**Powder**	**12 months**	**1 kg per bag**
of complete feed; adjustable to age, health and digestion	powdered enzyme blend	sealed, see storage below	aluminum foil pouch

SPECIFICATION

IDENTITY	
Form	**Powdered enzyme blend** Typical
Target species	Rabbits Typical
COMPOSITION	
Fiber-degrading enzymes	Cellulase, xylanase, β-glucanase, mannanase, pectinase Typical
Protein and starch enzymes	Compound protease, amylase Typical
PHYSICAL	
Appearance	Light-colored powder with mild fermentation aroma Typical
Net weight	1 kg per bag (aluminum foil pouch) Typical
Shelf life	12 months Typical

Spec = release limit, confirmed on every lot's Certificate of Analysis. **Typical** = normal product behaviour, not a release limit.

STORAGE & PACKAGING

SHELF LIFE
12 months

STORAGE
Store in a cool, dry, ventilated place

PACK SIZE
1 kg per bag (aluminum foil pouch)

ORDERING
Online or by e-mail; current price on the product page

APPLICATIONS

Add to complete rabbit feed for meat, fur and breeding rabbits
Improves feed efficiency and overall animal performance.

Degrade crude fiber and semi-fiber compounds in rabbit diets
Improves fiber digestion and nutrient absorption.

Hydrolyze proteins and starches in feed
Increases protein and carbohydrate digestibility and feed utilization rate.

Combine with probiotics, yeast cultures or organic acids
Supports gut health and nutrient absorption synergistically.

DOSAGE

500 g per ton

of complete feed

Addition point	**Complete feed, evenly mixed**
Target species	**Rabbits**

Adjust the rate to the rabbit's age, health condition and digestion efficiency.
Maintain consistent usage throughout the feeding cycle.

Each lot is released against its specification; the lot Certificate of Analysis reports the measured values.

Enzyme preparations are proteins and may sensitise; avoid skin, eye and inhalation contact. This technical data sheet gives the product specification and typical values; it is not a batch certificate. A Certificate of Analysis for the supplied lot accompanies each shipment. Safety Data Sheet on request.
