TECHNICAL DATA SHEET

TDS-ENZ322-EN · REV. 02 · 2026-11-03

Compound Enzyme for Grower & Finisher Swine Feed

Multi-enzyme compound with protease, xylanase and amylase for grower and finisher pig feed.

SKU **ENZ322** CATEGORY **ENZYMES FOR ANIMAL FEED** CATEGORY **ENZYMES FOR ANIMAL FEED**

TARGET ANIMAL **GROWER AND FINISHER PIGS**

Produced by submerged fermentation Not restricted for transport

APPLICATION RATE
500 g per metric ton
of complete feed

SHELF LIFE
12 months
sealed, see storage below

PACK SIZE
1 kg/bag
sealed food-grade aluminum foil bag

TARGET ANIMAL
Grower and finisher pigs
complete feed, premix and concentrate systems

SPECIFICATION

IDENTITY	
Product category	Enzymes for Animal Feed Typical
Target animal	**Grower and finisher pigs** Typical
COMPOSITION	
Enzyme components	**Cellulase, xylanase, compound protease, amylase, pectinase, galactomannan-degrading enzymes, and other functional enzymes** Typical
FORMULATION COMPATIBILITY	
Compatible with	Glucose oxidase Typical
PHYSICAL	
Pack	1 kg/bag, sealed food-grade aluminum foil bag Typical
Shelf life	12 months Typical

Spec = release limit, confirmed on every lot's Certificate of Analysis. **Typical** = normal product behaviour, not a release limit.

STORAGE & PACKAGING

SHELF LIFE
12 months

STORAGE
Store in a cool, dry place away from direct sunlight; keep the bag tightly sealed after opening

PACK SIZE
1 kg/bag, sealed food-grade aluminum foil bag

ORDERING
Online or by e-mail; current price on the product page

APPLICATIONS

Improve feed conversion in grower and finisher pig diets
Enhances feed conversion efficiency and supports consistent weight gain

Degrade anti-nutritional factors in plant-based feed
Promotes digestion and nutrient absorption

Reduce undigested feed residues in manure
Increases feed intake and lowers residues in manure

Improve weight uniformity within pig groups
Reduces differences caused by variable digestive efficiency

Add to complete feed, premix and concentrate feeding systems
Suits diets with higher levels of plant-based ingredients or structural carbohydrates

DOSAGE

500 g per metric ton
of complete feed

Substrate	**Complete feed**
Target animal	**Grower and finisher pigs**

The inclusion level may be adjusted according to pig health status, feed formulation, and digestive conditions.

Each lot is released against its specification; the lot Certificate of Analysis reports the measured values.

Enzyme preparations are proteins and may sensitise; avoid skin, eye and inhalation contact. This technical data sheet gives the product specification and typical values; it is not a batch certificate. A Certificate of Analysis for the supplied lot accompanies each shipment. Safety Data Sheet on request.
